Project Summary. The project Applicant, Lennar, is requesting that the City of La Habra permit development of 402 residential dwelling units, including 277 single-family homes and 125 multi-family residences, along with either 20,000 square feet of commercial development (e.g., specialty grocery, restaurant, or general retail uses) or an additional 46 multi-family dwelling units, replacing the existing Westridge Golf Club. Also proposed are open space areas encompassing public parks and private recreational areas; a community center; small amphitheater; habitat conservation areas; and passive recreational uses including trails, wildlife viewing, picnic areas and tot lots on the approximately 151-acre site.

Requested Approvals. To permit development of the proposed Rancho La Habra development, the project Applicant, Lennar, is requesting that the City of La Habra approve General Plan Amendment 18-01, Change of Zone 18-01, the Rancho La Habra Specific Plan, Amendment #3 to the adopted La Habra Hills Specific Plan, Vesting Tentative Tract Map 17845, Development Agreement 18-01, Design Review 18-01 through 18-05, and establishment of a Community Facilities District.

In addition, the Applicant is requesting the California Department of Fish and Wildlife to vacate existing deed restrictions established on the project site. These deed restrictions were established as mitigation for impacts related to previous construction of the existing golf course and adjacent residential areas to the south pursuant to the La Habra Hills Specific Plan. Vacation of these deed restrictions would be required in order for the proposed Rancho La Habra development to proceed.
