

PORTOLA WALK PROJECT

1801 W. LA HABRA BLVD.
LA HABRA, CALIFORNIA

PROJECT DETAILS

The 2.4-acre project site will be developed with two (2) buildings along La Habra Boulevard, a building along the easterly property line, a building along the westerly property line and two (2) buildings in the middle of the site, for a total of 50 multi-family units. Five (5) units will be restricted to moderate-income families. Pedestrian sidewalks are provided around the perimeter of and within the site. The site circulation is designed as an enclosed loop with adequate turning movements. A total of 12,763 square feet of land area will be devoted to open space, which includes a private park. Within the courtyard, the park will be outfitted with picnic benches, bar-b-ques, gazebos, and an open lawn area.
